About the Young Professionals Group

About YPG

The Young Professionals Group is for professional men and women ages 21 to 39. Our mission is to foster a community of young dynamic professionals to cultivate an environment of education, growth and balance. So, what makes our group different from other young professional groups in the Denver Metro Area? Unlike other groups that just include networking; we also have an educational component, offering seminars on a variety of topics specifically geared towards young professionals.

How do you join the YPG?

If you or your company are members of the Women's Chamber, you are already a YPG member. If you are not currently a member of the Chamber but would like to join the Young Professionals Group and the Colorado Women's Chamber of Commerce, we have a special Young Professional Member Rate. If you are curious about our group but not sure about committing to membership just yet, you are welcome to attend our events as a non-member.

Events

Most of our events will be the third Thursday of every month, so mark your calendars! We will host large quarterly after hours Connections Network events. On the months that we do not have a Connections Network event, we will host Knowledge Workshops covering a variety of business topics.
